**An Appropriate Pair**  
AT  
**PERRY'S.**  
WE HAVE GOT TO TALK FAST TO bring all the holiday goods we have provided to your notice before Christmas.  
We shall have to find some ways, instead of pursuing our usual plan of single shots. FANS and APRONS. Carries you from the ball room to the boudoir—back from the drawing room to the nursery. But we touch two responsive chords. Two things that every lady has use for—so they are in the popular line of gifts. The daintiness of the novelties we are showing is enough to put them there. Nobody can boast of better or more. And as for duplicating their tempting characteristics—that is out of the question. The designs are exclusive—the patterns unique—the qualities superior and the prices extremely low—considering all things. Let's look first at the
